'Small School, Big Opportunities, Great Achievements'

Thursday 21st September 2023

Marley Class Local Field Trip to Storrington High Street on Friday 29th September 2023

Dear Parents/Carers,

This term in Geography, we have been learning all about our local area. We have looked at street furniture, physical features and human features. We will be creating our own local guide where we will need to collect information about our area. The children have looked closely at what they already know about Storrington and have used maps to identify the location of key human and physical features that they already know. We have planned a visit to Storrington High Street to bring our learning alive and apply our Geography knowledge, skills and understanding. During our visit to the High Street, the children will be given the opportunity to find out more about the human and physical features and their locations within Storrington as well as recording data on the street furniture within the town.

Additionally, we will be visiting Storrington Library. Where the librarian will lead an informal introduction to the library, looking at the benefits of a library card membership, the different types of stock and resources that the library provide and the events/activities they run on both a weekly basis or during each school holiday.

We will be leaving school at 9:15am and will be returning before lunchtime at 12:00pm. The children should be in school uniform with sensible footwear; they will need a small backpack to take their water and a snack with them as well as a waterproof/warm coat in case of inclement weather.

Yours sincerely,

Mr Daplyn

Marley Class teacher
